

## Let The Light In

Historic pasts, were built to last  
Foundations for the future  
Antonine Wall, surrounding all  
And Aria lights the sky

Home is near, Home is here  
If you make it through the traffic  
Open eyes, only rise  
Never fall

Roads lead us to our friends and our family  
Where flowers bloom is where you can find me, Oh  
Wide open spaces, safe and exciting  
Cumbernauld

This is our home...  
(Let The Light In...x8)  
This is our home...

We have a hub, we're looking up  
Everyone young and old  
There's always light, where shadows leer  
We learn and we live here

We will be better  
We will be strong

Roads lead us to our friends and our family  
Where flowers bloom is where you can find me, oh  
Wide open spaces, safe and exciting  
Cumbernauld

This is our home...  
(Let The Light In...)  
This is our home...

Build for the future, build for tomorrow  
Bring your artistic ways  
Build for the future, build for tomorrow  
Build on what we have made (x4)

Roads lead us to our friends and our family  
Where flowers bloom is where you can find me, oh  
Wide open spaces, safe and exciting  
Cumbernauld

This is our home...  
(Let The Light In...)  
This is our home...
